

Lecture 20 – Data Visualization Challenge #2

Today's Learning Objectives:

1. Practice your visualization skills with a novel challenge.

Data Visualization Challenge #2

What makes countries happier than others?

Info: <https://worldhappiness.report/>

Data: <https://www.kaggle.com/unsdsn/world-happiness>

Challenge: Make a 5-minute oral presentation with slides (max 3) based on your last visualization.

- Design your slides to answer the original question or idea from challenge #1.
- Use the strategies we've been talking about to guide creation of your short presentation.
- Make a video of yourself giving the presentation on Zoom and upload to the Discussion Board by Wed.

There are no correct/incorrect answers, only good, bad, ugly, and wrong visualizations!

Individual projects. You can use the same visualization as someone else.

Submit: a single video file to Discussion board on Canvas by 4/22.
